Dear Samantha, Byron and Drew-

Thank you again for your time in meeting yesterday relative to PCS Phosphate Company's issues at its Aurora, NC facility. Per your request, I have attached the following information on PCS's Supplemental Petition For Reconsideration Or Alternative Request for Rulemaking:

- Initial PCS Request (May 2016)
- Supplemental Petition (Sept. 2016)
- Attachments to Supplemental Petition (Sept. 2016)

Once you have had the opportunity to review and follow-up with the rulemaking team at RTP (Keith Barnett and Susan Fairchild), please let us know if there are any questions or if another meeting would be helpful. We are happy to come back if you would like us to.

Again, we appreciate your time and consideration. We know how incredibly busy you and your staff are and so appreciate your time on this very significant issue for PCS Phosphate.
