Dear Vinyl Chloride Panel Member:

An article on the "Occupational Hazards of Vinyl Chloride and Styrene" was sent to you with every other page inadvertently missing. Enclosed is a complete version; sorry about the inconvenience. Also enclosed is another article on the "Occupational Hazards in the VC-PVC Industry."

Sincerely,

Has Shah

Hasmukh Shah, Ph.D.

Dear Dr. Shah:

I am sending you a copy of a recent article on epidemiology studies among VC-exposed workers that you may not have seen. This could be of interest in connection with the EHA study.

Very truly yours,

John T. Barr, Manager
Regulatory Response

Dear Sir or Madam:

The past several editions of "Cancer Facts and Figures" have contained a statement that you are conducting follow-up work on vinyl chloride-exposed workers. As a user of vinyl chloride we attempt to keep aware of the results of such studies, but we have not seen results from your program.

Can you share with us your protocol, and any preliminary results you may have obtained? We wish to provide our employees with as much information on this subject as possible, and would appreciate your assistance.

Very truly yours,

John T. Barr, Manager
Regulatory Response
