FOREWORD

A LIST of Metropolitan group insurance policyholders, as of July 1, 1929, is given in this pamphlet. These policyholders are classified according to the business, industry or service in which they are engaged as well as alphabetically and geographically.

Companies that are concerned with more than one product are, in certain cases, listed under more than one heading. All supplementary listings are indicated by asterisks.

Companies insured under wholesale, community and group annuities plans are also included in this list.

The alphabetical and geographical lists include the names of individual firms insured as members of a trade association, but, in the classified list, only the name of the association appears.
