

December 23, 1970

Mr. Harold F. Busch
Project Engineer
Corning Corporation
Midland, Michigan 48640

Dear Mr. Busch:

With reference to your letter of December 4, we are presently working on the development of an asbestos-free Calsilite, (calcium silicate).

The material is now being tested to determine conformance to various specifications. It is likely that in the near future, material will be ready for application.

Very truly yours,

R. W. Henry, Marketing Manager
Insulation & Construction Products
Industrial Products Division
