MESSAGE

In preparation for the CHEMSTAR Annual Report (fiscal year June 1996 - May 1997) we are asking the chairs of all CHEMSTAR Panels for their photograph to be placed in the Annual Report. The photo can be black and white or color and size does not matter. Please send me your picture by Monday, July 28, 1997. If you have any questions, please call me. Thank you.

MESSAGE

This is to inform you that the VCTC Dinner Cruise is from 7:00 to 10:00 p.m. on July 14, 1997. We will be meeting in the lobby on the first floor of CMA offices in Arlington, VA between 5:45 and 6:15 p.m. We will be leaving in taxis from CMA at 6:15. If you miss us, you can simply take a taxi to the Potomac Party Cruise dock, which is located at Zero Prince Street in Old Towne Alexandria, VA. The Dandy will be departing promptly at 7 p.m. If you have any questions, please call me at 703/741-5639. Thank you.

MESSAGE

The Vinyl Chloride Transportation Dinner has been scheduled. We will be taking a three hour dinner cruise up the Potomac River aboard the Dandy. Please complete the attached survey and fax return it no later than COB Tuesday, July 8, 1997. Details, including the time and specifics of the dinner will follow. You will be receiving a package which includes the agenda for the July 15 meeting, via express mail, on Monday, July 7. If you have any questions, please call me at 703/741-5639.

Thank you.

Memorandum

To: Vinyl Chloride Transportation Committee

From: Wendy K. Sherman 

Date: July 1, 1997

Re: Materials for the July 15th VCTC Meeting

The following materials are included in this packet:

- Tentative Agenda for the July 15th meeting;
- Diskette Containing an Excel Spreadsheet for Compiling Information on Vinyl Chloride Rail Cars in Use - As discussed at our last meeting, George Marshall has provided a formatted spreadsheet for compiling information on vinyl chloride rail cars. Please bring the information to the July 15th meeting;
- Excerpts from the VCNet Operations Manual "VCNet Member Company Emergency 24-Hour Telephone and Fax Numbers", "VCNet Member Non-Emergency Numbers (Work, Home and Beeper)", and Table 4.1 "Response Capability Categories for VCNet Members". - This attachment reflects the changes I have received to date. Remember, at the April meeting we agreed to drop response category K from Table 4.1. Consequently, I need updated response category information from Borden, Dow, GEON and Georgia Gulf for this table. One more time...please review and bring any changes with you to Virginia. Also bring any revisions to the "Vinyl Chloride Response Network" Map. I plan to finalize these documents at the July 15th meeting;
- Memorandum from C. Toth to W. Sherman, dated June 26, 1997, re: Tankermen Qualifications - Interpretation of the Restricted Endorsement Language. - C. Toth reports on a follow-up conversation she had with the U.S. Coast Guard regarding the interpretation of the term "few cargoes". Carol's initial analysis of the final tankerman rule was included in the previous mailing; and
- Supplemental Comments to DOT by CMA and the Trade Association Alliance, re: Applicability of Hazardous Materials Regulations to Loading, Unloading, and Storage, dated June 17, 1997. - Supplemental comments on the

announcement of proposed rulemaking that was issued earlier this year. A notice of proposed rulemaking is anticipated for the fall of 1997.

As is the VCHC custom, committee members and CMA staff will meet the evening of July 14th for dinner. Currently, we are planning on a dinner cruise along the Potomac river. Weather permitting, we should have a great view of Washington, D.C., including a number of the monuments. Transportation will be provided from CMA headquarters in Arlington to the ship's dock. Specific instructions on the time and point of departure will be faxed to you within the next few days.

If you have any questions you can contact me at 703/741-5639. Look forward to seeing you on July 14th !
