Subject: [EXTERNAL] Prep Session: SPE Energy Transition Symposium Plenary: Navigating the Energy Transition - State of the Union

Dear Panelists:

First, thank you for volunteering to be on our opening plenary session titled: "*Navigating the Energy Transition - State of the Union*." Caroline (cc'd) is the Co-Chair of the 2025 SPE Energy Transition Symposium, and I will be joining her in moderating this opening panel session.

We thought we should meet for a prep session soon within the next couple of weeks to answer any questions you may have about the event, the panel session format, logistics, etc...and to align amongst the panelists and moderators on preferences and suggestions to make the most out of the panel.

Here's a Doodle Poll to share your availability for the next two weeks: <https://doodle.com/group-poll/participate/e3V7WK4dWe>. Please fill out the poll by Close of Business **Thursday, August 31st**. We will do our best to accommodate everyone if possible; but if not, we will schedule separate meetings as needed with those who cannot make the prep session.

For your reference, the opening panel session is on Day 1 or September 8 from 8:30-10:00am CT at the Houston Marriot, Sugar Land, TX. Event website link: [2025 SPE Energy Transition Symposium](#)

Here's the high-level panel description: *In this plenary session, industry leaders and experts will delve into the multifaceted journey towards a sustainable energy future. This session will cover a broad spectrum of topics. The objective is to provide a comprehensive overview of the current state and future prospects of various energy sources, foster dialogue and collaboration among stakeholders in the energy sector and identify key challenges and opportunities in the transition to sustainable energy.*

Solutions.
People.
