

# FOSECO, INC.

INTER-COMPANY AND INTER-DEPARTMENTAL CORRESPONDENCE

TO: A. Santighian

FROM: R.T. Callahan

DATE: 4/24/73

SUBJECT: Special Screens for Asbestos Free Recipe

Please be advised that I have ordered enough of the following screening to cover one MK III machine and two tools:

Phosphorus Bronze wire cloth, plain weave, 78 x 64 mesh with ,0068 and .007 dia. wire - approximately 25.9% open area.

Would you please advise me what machines and what tools you would like this tried on?
