Subject: Shipping an Item from San Diego

Mr. Wood,

We need to obtain a 5-gallon can of firefighting foam from a fire chief at a Navy Base in San Diego. We need to run chemical testing on this item at Naval Research Lab.

Is there a way that NAVSEA can pay for the shipping and sent the shipping label or shipping account information to the fire chief, so that he can send it to us?

I have attached the SDS for the item as it may be considered HAZMAT. I'm not sure it that affects the way the item needs to be shipped.
