VISTA

As a follow-up to discussions of last week, the plants should proceed to determine all notifications required by existing permits for a "change of ownership", or "change of control". Attached is a memo from Legal with a description of exactly what has, and will, occur and the timing for closing of the deal. This text can be used in whole or part for your notifications. Specific timing of the notification will be determined by your permit requirements.

Any other language for the notifications regarding management changes, etc., should be taken from press releases or specifically approved by Legal.
