Aurelia,

Thanks again for meeting with us a few weeks back and for allowing us to follow-up regarding the science behind the Atlantic States Marine Fisheries Commission, Draft Amendment 3. As you are aware, the ASMFC will vote next week on the Draft Amendment 3.

I have attached as a short summary of the Options A – E that will be considered by the menhaden board. We hope the USFWS vote on Amendment 3 will follow the science provided by the Atlantic Menhaden Technical Committee and that USFWS will support Option B.

Thanks for allow us to follow up. Please contact me if you have questions or require additional information.

Thanks,

Mike Williams

These scientist are a pain to deal with. They don't know how to distill data into an understandable document.
