

FOSECO, INC.

INTER-COMPANY AND INTER-DEPARTMENTAL CORRESPONDENCE

to: P. A. Partington

W. C. Fletcher - *WCF*
FROM: Corporate Quality Control

DATE: October 8, 1973

SUBJECT: BINDER AND NON-ASBESTOS MEETING:
Thursday, October 4, 1973

1. Present: PAP, WJV, AS, WCF.
2. Items discussed and actions agreed:
 - 1.1- EP 5452A (issued 10/1/73) remains the standard PROFAX recipe and replacement for PROFAX 31.
 - 1.2- EP 5465 continuer as the asbestos-free recipe for Armco Middletown, Armco Ashland, and other accounts for which it is approved.
 - 1.3- Testing of EP 5465 for other items, e.g., #699, #685, #688, etc., will continue at a reasonable approved rate. The EP-modifications will be replaced by standard recipes as tests permit.
 - 1.4- AS is working on reducing the cost of EP 5465.
 - 1.5- Copperweld #685 will continue in P-31. A test on the 4-cavity K-4 tool using EP 5465 will be made as soon as possible. The proposed 'B' machine test will be cancelled.
 - 1.6- PAP will investigate the production problems of using the hammermilled dry scrap and will review green scrap usage.
 - 1.7- Wollastonite supply and health hazards were discussed.
 - 1.8- PAP reported that the Premixing station was about 3 months lead time, but that Stage 1 (drumming of bulk silica) was in progress.
 - 1.9- PAP confirmed that Chicago and Mt. Braddock are to follow the program as outlined in the recent "New Binder" minutes. Copies of these are sent to TRB and GRB.
