Sammie,

Apologies I didn't get this out to you yesterday. I hope all is going well in your part of the world. We are loving it up here in Michigan.

As I mentioned, our firm is putting together an environmental policy event in mid-late May. They conduct similar events from time to time in the DC office, and attendance is generally around 30-40 folks.

From my discussions with the folks in DC, they brought up your name and are willing to plan the next event around your schedule if you are able to attend and speak. I am not up to speed on the details (like specific topics, format, etc), but if you are interested I can put you in touch with the folks who are.

Thanks!

Todd
