40 W. Third Ave.
Columbus, Ohio 43201

Dear John:

I was delighted to receive your letter and also the enclosures containing the news release pertaining to the new office buildings. This really looks beautiful and I certainly want to compliment you on this new development and extend my wishes for your continued success.

I think the building is very attractive and as I understand it, this location will tie in very nicely with the various expressways. Good luck to you.

I can understand why it would not be practical for you to attend the meeting sponsored by the New York Academy of Sciences on the Biological Effects of Asbestos. I can arrange, I believe, to obtain all the necessary information of any importance to you and your associates and your clients. In any event, I will keep you informed and make sure that you have the latest information on this subject prior to its publication. Personal regards.

Sincerely yours,

Thomas F. Mancuso, M.D.
Research Professor
