Subject: Re: Info regarding communities in and near the Arctic Refuge from CCP

Hi Wendy and John,

I do have a question regarding this map that was provided in the ADFG PCH 2017 newsletter (

http://www.adfg.alaska.gov/static/home/library/pdfs/wildlife/porcupine_caribou_news/porcupine_caribou_news_summer_2017.pdf) - any idea of where the data may have come from? We asked our GIS team to put together a map with some of the caribou range information in relation to the Refuge and Coastal Plain boundaries but when they contacted ADFG, ADFG was not sure where the source of the data came from for this map (?). We have some caribou herd data sets but they may be a little dated (definitely don't match this map). Would your departments have any recent data regarding the range of Porcupine and Central Herds that could be shared?

Thanks!
Nicole

Nicole,

We think the best person to contact with ADFG would be Beth Lenart (beth.lenart@alaska.gov) in Fairbanks. We think the GIS folks within ADFG are pretty regionally based, so if they contacted someone in Anchorage, they may not be aware of where the data reside.

Thank you - is there a source that would be seen as the *most* reliable?
