Introducing my NEW ACRYLIC LATEX Flat Wall Finish

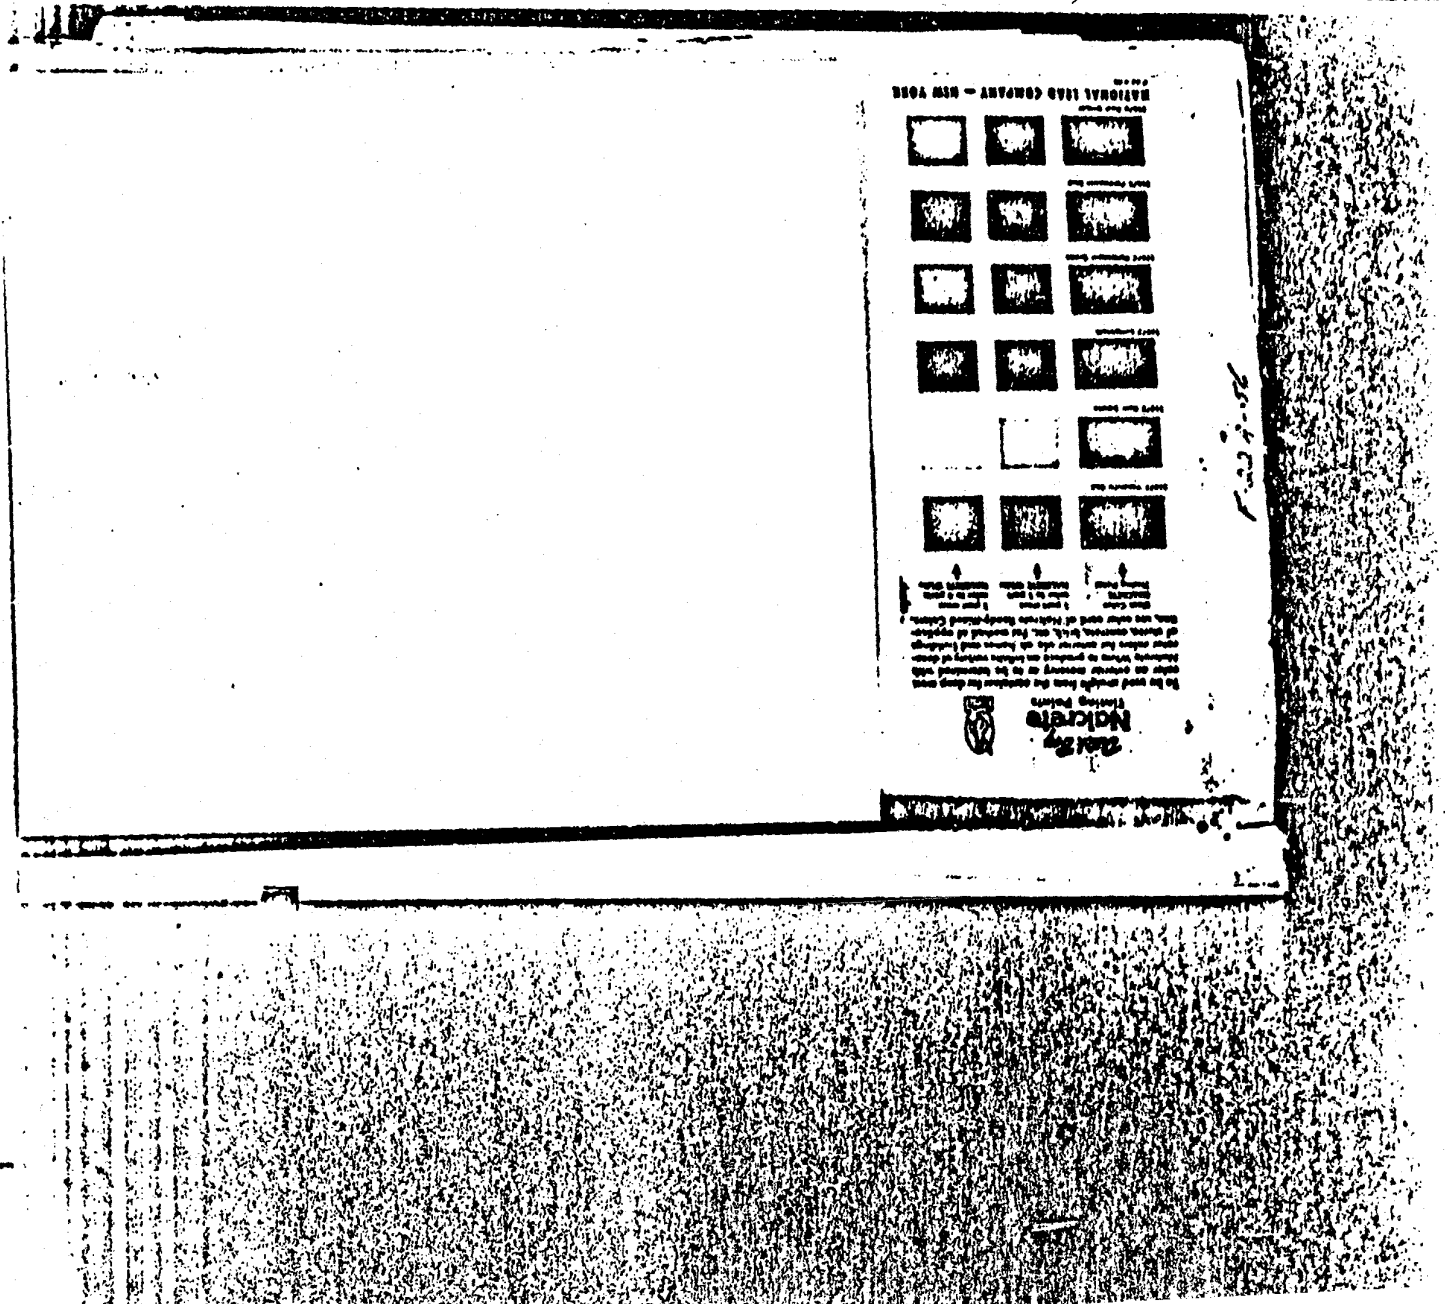

A PLEASANT SURPRISE awaits your first dip of brush or roller into Kolpleo, the newest product of "Dutch Boy" paint research. Kolpleo contains one of the fabulous "acrylic" resins, blended expertly with titanium pigment and other rugged components to make a wall finish with more beauty, more permanence, than any you've ever known. Some of today's "miracle paints" are odorless . . . some are fast drying. But only "Dutch Boy" Kolpleo combines these advantages with an adhesive quality, high coverage and absence of odors entirely new to the emulsion wall paint field. With all this, Kolpleo is a "must" to apply!
