Dear Mr. Van Ingen:

Thank you for your response to Don R. Goodwin's April 2, 1975, request for information on the oxychlorination process at your company. The information you submitted is being reviewed and will be used to assist us in our study of vinyl chloride emissions from ethylene dichloride production.

The time which you and your staff spent in developing these data is very much appreciated. Thank you for your continued cooperation.

Sincerely yours,
