

RE-132

Interoffice Communication

To Safety Directors
From Tom Grumbles
Date June 3, 1980
Subject OSHA ACCESS TO EMPLOYEE EXPOSURE AND MEDICAL RECORDS STANDARD

I'm sure you all are aware that the subject standard has been promulgated, to be effective on August 21, 1980. The impact on Conoco Chemicals is not clear at this point but there are many administrative details that will have to be worked out from a corporate or Conoco Chemicals standpoint. Much of this will have to be coordinated with corporate medical.

We are actively working on what will be necessary to comply with the standard and will of course keep you informed. If you have questions at this time or need a copy of the standard please call.

Thomas G. Grumbles
