

February 3, 1967

Mr. W. T. Grieve
Department of Health
Marquay Building
401 York Avenue,
Winnipeg 1, Canada

Dear Mr. Grieve:

Enclosed is a sheet summarizing the toxicity and safe handling information for our hydraulic fluid, Hydrexal 150. I trust that this will answer your questions relative to possible hazards in the use of this product. This fluid is one which has been developed in conjunction with another company and we are not at liberty to reveal its composition other than in the general terms indicated in the enclosure.

Very truly yours,

R. Ernest Kelly, M.D.
Medical Director

ETJ
RHK:ejc

Enclosure
