Q I understand from your testimony that you presented the results of your research?

A Yes, published studies and presented at technical meetings.

Q Can you go ahead and describe for the jury the nature of this research, the test apparatus that you were using and what you were attempting to accomplish?

A Well, one piece of apparatus that was used was called a friction visualization rig which fortunately we have a picture of.

Q Okay.

MR. WILLIAMS: Your Honor, may he step down again?

THE COURT: You may.

(Whereupon, the witness left the witness stand.)

BY MR. WILLIAMS:

Q Come right back over here.

Tell us what we are looking at, Mr. Anderson.
