Gentlemen:

Rose Kaminski, Statistician from NIOSH has kindly sent me an August update of their angiosarcoma registry. Ms. Kaminski asks some questions about new cases that I cannot answer.

Will you please distribute this tabulation, calling attention to the need for additional data to complete the new cases? I have had excellent cooperation exchanging information with this NIOSH group and I encourage our membership to help them keep this registry.

Sincerely,

T. R. Torkelson, ScD.
