

JOIN US FOR A BRIEFING ON

SHELL'S LNG OUTLOOK 2025

Shell has been a pioneer in LNG for 60 years and is involved at every stage of the LNG journey: finding the fields and extracting gas, liquefying gas, trading it and shipping it, then turning the LNG back into gas and distributing it to customers.

Join Tom Summers, Senior Vice President for LNG Marketing and Trading, as he provides an overview of the benefits of LNG and growing global demand.
