Sydney, thanks so much for calling. If I can get 30 minutes with the Administrator in the next few days or so that would be great.

Alex, will you work with Sydney on a schedule for a phone call?

Thanks

Randy Foutch

External Message

Hi there Mr. Foutch,

Thanks for your time on the phone just now! How quickly are you needing to connect with the Administrator? If you were able to be flexible in the late morning tomorrow he could most likely connect with you then but if you are needing a hard start time I might have to push to later in the week. Please let me know your preference and we will get it set up!

Thank you!

Sydney Hupp
