J. E. Peters

Proposed Revision ANSI Standard Z 66.1

In addition to the proposals made by Messrs. Kingston and Peters, I suggest that the phrase contained in paragraph 2 which reads, "or for interior use in dwelling units where the dry film might be ingested by children", be changed to read as follows:

" . . . or for use on interior surfaces of dwelling units, such as stairs, decks, porches, railings, windows and doors, where the dry film is readily accessible to and might be ingested by children under seven years of age."
