Have shot it up the foodchain! I am sure he will want to do this, stand-by.

Layne, can you send me the proper protocol for a group to request a short (15min) pic and meet with the Administrator. The Women's Mining Coalition (WMC) will be in DC (as will I) the week of May 1st. It would be a good opportunity for them to meet him and for him to outreach to the important role women play in our industry. No serious policy discussion, grib n grin is all.

Would you send my way the contact for a schedule request?

Thanks brother, we will catch up privately when I am there as well.
