RECEIVED

MAR 30 1987

R. W. FRASE

S. D. Hagler requested the Technical Department to answer questions regarding any Material Safety Data Sheet (MSDS) or other information given to customers regarding PVC and residual monomer in the resin. Attached you will find an MSDS dated December 2, 1981 and a bulletin prepared and given to customers.

This information was provided by J. M. Gyenge, a retired employee. No other information is known to be available. No information was in our files.
