Gentlemen: Attn: Bohman E. Myers, Editor
 American Industrial Hygiene Association Journal

I am not a very patient individual, as you state in your letter of May 28, 1963. I simply concluded that you had decided not to publish my paper.

I have revised the paper in accordance with your request. I am sending an original and a carbon copy. The three figures are attached to the original, typewritten copy.

Please let me know whether you need any further information.

Sincerely yours,

J. Goldfield, Chief
