Dear Bill,

Thank you very much for speaking at our Business Environmental Leadership Council meeting this week. Our members really appreciated hearing about where you are with some of your regulatory priorities and how some of those items are advancing. The member companies appreciated you staying long to continue answering questions.

I know how hard it is to find the time to get out to discuss issues with stakeholders and I really am happy you made the time to speak at our meeting and look forward to keeping in touch. As always, if there is ever anything I can do that might be of assistance don't hesitate to ask.

Sincerely,  
Bob
