Onderwerp: Re: Second Open Ad-Hoc Belgium REACH Committee (BCR) on uPFAS restriction

Dear

Thanks very much for your email, thats very helpful.

We thought you may like to know that is not listed as a staff member at BBL and his below tweet about BBL's presentation to the BCR meeting on Wednesday is critical about BBL.
<https://www.bondbeterleefmilieu.be/team>

...

BBL is ook wel straf, want die stellen zichzelf voor als representatief voor de hele milieubeweging. Behalve dan dat ze (door hun eigen onbetrouwbaarheid) helemaal niet representatief zijn voor zij die het hardste vechten tegen PFAS: Grondrecht, Climaxi, De Kat.

3/

Translated from Dutch by Google

BBL is also a punishment, because they present themselves as representative of the entire environmental movement. Except that (because of their own unreliability) they are not at all representative of those who fight the hardest against PFAS: Grondrecht, Climaxi, De Kat.

Dear

Thank you for being at the meeting and presenting your case.

All the slides will indeed be shared with the participants, we will try and do this as soon as possible.

The person who intervened during the discussions is Thomas Goorden, he was invited by the Belgian NGO Bond Beter Leefmilieu (BBL).

We hope this also answers the question you asked via our Service Desk.

Kind regards,

From: [REDACTED]@apple.com>

Subject: Re: Second Open Ad-Hoc Belgium REACH Committee (BCR) on uPFAS restriction

Dear

Thank you for the very helpful Open Ad-Hoc Belgium REACH Committee meeting on Wednesday morning, we appreciated the opportunity to share our perspective on the proposed PFAS restriction and would be happy to have a follow-on meeting to discuss any further questions you may have.

We look forward to receiving the slides that you presented at the meeting, they provided very helpful supplementary information on the likely timelines for the proposed PFAS restriction. We would like to share your slides within Apple if that would be OK with you.

Also, please can you let us know who is the NGO organisation that raised several questions at the Q&A session? I think that the person's name began with a T but I was not able to make a note of his full name or his affiliation.

Thanks and best regards

Dear BCR stakeholders,

Please find enclosed the final agenda of the open BCR on PFAS that will be held this Wednesday.

At the end of this mail you can find a Teams link to be able to access the meeting virtually. However please note that we will only let people in the online meeting that

have registered, so in case any of your colleagues would like to join then please let us know by responding to this mail.

We do ask that the presenters are physically present to ensure efficient interaction and discussions. Those of you who will be present physically should be receiving a QR code to access the building at the latest tomorrow evening.

And lastly a kind reminder to send in your presentations as soon as possible.

We are looking forward to seeing you Monday!

Kind regards,

Subject: RE: Second Open Ad-Hoc Belgium REACH Committee (BCR) on uPFAS restriction

Dear BCR stakeholders,

Enclosed to this mail you can find a draft agenda for the Open BCR meeting of 06/09. Please note that the red highlighted interventions are still to be confirmed, so please confirm to us as soon as possible that you will be presenting if you have not done so already. Also send us the contact details (email address) of the 2 people that will be present so we can ensure your access to the building.

Furthermore some practicalities for the meeting:

- Please note that the proposed timing in the draft agenda is not final yet as we are still awaiting confirmation from some of you whether you will be presenting.
- On the presentations:
 - Each presenter will get 10 minutes to present, please respect this timing and limit your slideshow to maximum 10 slides.
 - Please send us your slides at the latest by Monday 04/09 COB so we can compile them before the meeting.
 - Please keep in mind that your interventions will be public and other stakeholders will be able to see them.

- As the BCR is a Belgium national coordination structure (you can consult our website for more info: [Reach - REACH Committee \(reachingbelgium.be\)](https://reachingbelgium.be)), please ensure that your intervention and the discussions will be relevant for Belgium.
- The focus of this Open BCR is the universal PFAS restriction, we will not be covering other topics during this meeting.

Don't hesitate to contact us if you have any further questions.

Kind regards,

Pieter

Subject: RE: Second Open Ad-Hoc Belgium REACH Committee (BCR) on uPFAS restriction

Dear BCR stakeholders,

We would like to provide some more information on the second Ad-Hoc Open BCR on PFAS.

- The meeting will be held **Wednesday 6 September from 09:30 – 13:00** at our offices in Brussels (**Galileelaan 5/2 - 1210 Brussels**). The meeting will be held in **room 01.E.1 (Mahi Tah)**.
- As we have limited available time and room capacity we would like to ask you to not distribute this invitation any further.
- Please confirm if you will be attending the meeting (including contact details of the persons that will be present) at the latest by 18/08 COB.
- The draft agenda with specific timeslots for presenting will be shared with you after the above mentioned deadline.
- If you are presenting we would like to ask you to send in your presentation at the latest by 01/09 COB.

If you have any further questions please don't hesitate to send them to the [REDACTED]@health.fgov.be mailbox, however because of the holiday period a delay of response might be possible, for which our apologies.

Subject: Second Open Ad-Hoc Belgium REACH Committee (BCR) on uPFAS restriction

Dear BCR stakeholder,

We have received your request for having a discussion on the uPFAS restriction within the BCR framework.

For this reason we are organizing a second Ad-Hoc Open BCR discussion on PFAS to give you the opportunity to have some discussion on this subject.

Because of the holiday period we are unfortunately not very flexible for setting a date, the best available date (considering the end of the Public Consultation of the restriction end of September) to organize this meeting would be **06 September 09:30-13:00**.

Could you please confirm that you will be attending this meeting? Please do so by sending a mail to [REDACTED]@health.fgov.be with the contact details of who will be attending this meeting.

More details on practicalities (presentation time, location, etc.) will follow later.

Kind regards,
