

FILE NAME: Asbestos in Hair Dryers (HD)

DATE: 1980 Aug

DOC#: HD037

DOCUMENT DESCRIPTION: CPSC Bulletin with Final List of Hair Dryers that Contain Asbestos and Those that Do Not

U.S. CONSUMER PRODUCT SAFETY COMMISSION  
WASHINGTON, D.C. 20207

August 1980

Dear Consumer:

Thank you for your recent call or letter to the U.S. Consumer Product Safety Commission about "asbestos in hair dryers." I am enclosing the final listing of hair dryers, showing those models containing asbestos and those without asbestos. As you can see from the list, most of the manufacturers have agreed to some form of recall, repair, or refund for models containing asbestos. The specific programs vary from manufacturer to manufacturer because the programs are voluntary -- not mandatory.

Since you are concerned about the safety of hair dryers, you may also be concerned about the safety of other products in the home. We have useful information about product safety which is available free to the public, and we invite you to request it through our toll-free Hotline:

|                                                          |              |
|----------------------------------------------------------|--------------|
| --Continental U.S.                                       | 800-638-8326 |
| --Maryland only                                          | 800-492-8363 |
| --Alaska, Hawaii, Puerto Rico,<br>and the Virgin Islands | 800-638-8333 |

We also have toll-free lines for teletypewriter (TTY) calls.  
The TTY numbers are:

|                                       |              |
|---------------------------------------|--------------|
| --National (including Alaska, Hawaii) | 800-638-8270 |
| --Maryland only                       | 800-492-8104 |

We also want you to tell us about injuries or potential injuries you have had with household products. In this way, we can know more about potentially hazardous products on the market. Your reports to us can lead to action to protect consumers from hazardous products.

Thanks for contacting us. Your interest in product safety is appreciated.

Sincerely,

A handwritten signature in cursive script, reading "Kenneth R. Rashid", is positioned above the typed name.

Kenneth R. Rashid, Associate  
Executive Director for Communications

August 1980

# CPSC BULLETIN

## FINAL LIST

ATTACHED IS THE LIST OF CURRENTLY KNOWN MANUFACTURERS, IMPORTERS  
AND PRIVATE LABELERS\* OF HAIR DRYERS FOR CONSUMER USE

---

Most of the information included in this bulletin was obtained in 1979 from companies by the Commission in two basic requests: first, a Commission request for information on portable hair-dryers; second, a Commission request for information on bonnet, salon-type, hand-held dryers or drying guns and free standing nozzle-type blow dryers. Information received in response to the inquiry on portable hand-held hair dryers is marked "A." Information received in response to the second inquiry is marked "B."\*\*

---

IF YOU HAVE A HAIR DRYER AND THIS LIST DOES NOT AID YOU IN  
DETERMINING WHETHER OR NOT YOUR HAIR DRYER HAS ASBESTOS  
CONTACT THE MANUFACTURER OF THE DRYER OR  
THE STORE FROM WHICH YOU PURCHASED YOUR DRYER.

\*In some instances distributors and retailers were included. In those instances, it has been so noted.

\*\*In some instances companies received both requests. Therefore, there may be two responses from a single firm, an "A" and a "B".  
In other instances, firms responded to both inquiries at the same time.

\*Marks those models which GE will retrofit.  
The unmarked ones will be replaced with  
similar models.

**KEY:** the description of models containing  
asbestos may vary. The underlined four digit  
number is the key in identifying the suspect  
model. A four digit number could be  
preceded by S1 or B. A zero may be the only  
number after these four digits.

| <p>GE discontinued shipping hair dryers with asbestos insulation. GE will either retrofit with a non-asbestos liner GE hair dryers which are asbestos insulated or replace them with a suitable one after they are brought to their small appliance service locations by concerned consumers. Units must be in good working to be replaced. If consumer first contacts GE and then sends dryer to a designated service center, consumer will be reimbursed for postage.</p> <p>Dryers in inventory were retrofitted to remove the asbestos — these dryers were marked: CONTAINS NO ASBESTOS.</p> | <p>PRO-12/5118-030<br/> SD-5/5106-005<br/> SD-8/5111-039<br/> SD-9/5117-005<br/> UPD-3<br/> SD-3<br/> PD-1</p> |

| Rayette, Inc.<br>(Division of Faberge, Inc.)<br>1345 Avenue of the Americas<br>New York, NY 10019 | Unknown                                                                                                                                                                                                                                                                                                                                                                | Faberge, through it's Rayette Division, manufactured and private labeled portable, electric, hard-hat hair dryers until April, 1969. Rayette-Faberge has since sold it's hair dryer business to Dynamics Corp. of America. Some of the models manufactured more than ten years ago contained an asbestos heater gasket, parts of which are exposed to the air flow. The color-coated heater lead wires used in some models contained asbestos insulation. Parts of the heater lead wires are exposed to the air flow. | Unknown                                        |

| Rolf Brauchli, Inc.<br>8044 N. Lawndale<br>Skokie, Ill. 60076<br>(312) 675-0087 | <p>*Solano model 130, 1200 watt</p> <p>*Solano model 131 1200 watt.</p> <p>*Both models are hand-held, The dryers were sold from 1977 through March 1979 for use by hair salons. It is not known whether any dryers were purchased by consumers.</p> | <p>The company will, without cost, remove the asbestos liner from the dryers at its headquarters or any of its 14 service and repair centers located nationwide and identified on warranty card accompanying dryer when it was purchased (below is a list of the repair centers). Hair stylists should return the dryer to the dealer where the dryer was purchased or have the dealer's sales person pick up the dryer at the salon. Consumers should return the dryer to the salon which sold the dryer or obtain the dealer's name where the dryer was originally purchased and return the dryer to that dealer directly. Persons not wishing to return their dryers to a dealer or salon can, at their option, mail the dryer directly to the company headquarters or to any of the authorized service centers. Postage and insurance will be reimbursed.</p> | <table><tr><th>Trade Name</th><th>Model No.</th><th>Description</th></tr><tr><td>SOLIS</td><td>106</td><td>750 Watt</td></tr><tr><td>SOLIS</td><td>110</td><td>750 Watt</td></tr><tr><td>SOLIS</td><td>210</td><td>550 Watt</td></tr><tr><td>SOLIS</td><td>102</td><td>500 Watt</td></tr><tr><td>Termofor</td><td>122</td><td>450 Watt</td></tr><tr><td>SOLIS</td><td>306</td><td>800 Watt</td></tr><tr><td>SOLIS</td><td>310</td><td>600 Watt</td></tr><tr><td>SOLIS</td><td>371</td><td>450 Watt</td></tr><tr><td>SOLIS</td><td>309</td><td>1200 Watt</td></tr><tr><td>SOLIS</td><td>311</td><td>1200 Watt</td></tr><tr><td>SOLIS</td><td>310</td><td>1000 Watt</td></tr><tr><td>SOLIS</td><td>99</td><td>210 Watt</td></tr><tr><td>SOLIS</td><td>100</td><td>350 Watt</td></tr><tr><td>SOLIS</td><td>199</td><td>210 Watt</td></tr><tr><td>SOLIS</td><td>299</td><td>300 Watt</td></tr><tr><td>SOLIS</td><td>300</td><td>350 Watt</td></tr><tr><td>SOLIS</td><td>330</td><td>350 Watt</td></tr><tr><td>SOLIS</td><td>331</td><td>350 Watt</td></tr></table> | Trade Name | Model No. | Description | SOLIS | 106 | 750 Watt | SOLIS | 110 | 750 Watt | SOLIS | 210 | 550 Watt | SOLIS | 102 | 500 Watt | Termofor | 122 | 450 Watt | SOLIS | 306 | 800 Watt | SOLIS | 310 | 600 Watt | SOLIS | 371 | 450 Watt | SOLIS | 309 | 1200 Watt | SOLIS | 311 | 1200 Watt | SOLIS | 310 | 1000 Watt | SOLIS | 99 | 210 Watt | SOLIS | 100 | 350 Watt | SOLIS | 199 | 210 Watt | SOLIS | 299 | 300 Watt | SOLIS | 300 | 350 Watt | SOLIS | 330 | 350 Watt | SOLIS | 331 | 350 Watt |

We do, as a distributor, have many different lines of electric hand held hair dryers. To our knowledge the only one that we have reported that contained asbestos was obtained from the Andis Company. The Andis Company has subsequently requested a return of all of their products, as well as that which we have sold into the field. This product was returned to the Andis Company for replacement of a non-asbestos dryer.</p> |                                |
