Subject: 2002 budget

Patsy:

In addition to the additional funds that need to be (at least) budgeted for Shanghai and children's health for benzene, the Lower Olefins HPV program has been co-funded with Aromatics with a 1/4 (Aromatics) and 3/4 (LO) allocation. This translates to \$ 64,000 for FY 2002 and FY 2003 for Aromatics.

Please copy Jeff on comments to the HPV allocation as he set up the original arrangement.

I need to finish the budget compilation by Friday

Thanks

Stuart
