Neither of these companies were involved in the mining, manufacture, selling, marketing, installation or distribution of asbestos-containing products.

Interrogatory No. 5: In addition to the answer provided in Response to Plaintiffs' Interrogatories, George P. Reintjes states that it has no reason to believe that it ever installed any asbestos containing products.

These included firebrick, cement and metal shims. Defendant is without sufficient records or documents to provide a more specific answer.

Interrogatory No. 9: Not applicable. See supplemental response to Interrogatory Nos. 5, 8.1, 8.2, and 8.3.

Interrogatory Nos. 25 and 26: Defendant has no specific knowledge as to what date the general public became aware of the discussions regarding claims of asbestos being hazardous to human health. However, Defendant believes that this occurred sometime during the 1970's.

Interrogatory No. 44: Not applicable. See supplemental response to Interrogatory No. 9.

Interrogatory No. 47.3 and 47.4: Not applicable. See supplemental response to Interrogatory No. 5.

**IN THE COURT OF COMMON PLEAS
CUYAHOGA COUNTY, OHIO**

ANTHONY MARIO GRECO, et al.,

Plaintiffs,

VS.

**CASE NOS. 323629-323678
(HANNA, J.)**

**IN RE: ALL BARON & BUDD
ASBESTOS CASES**

A-BEST PRODUCTS COMPANY, et al.,

Defendants,

**GEORGE P. REINTJES COMPANY, INC.'S
RESPONSES TO PLAINTIFFS' INTERROGATORIES**

AND NOW comes, George P. Reintjes Company, Inc. (hereinafter "GPR"), and makes response to Plaintiffs' Interrogatories as follows:

GENERAL OBJECTIONS

GPR generally objects to Plaintiffs' Interrogatories as set forth below. These General Objections shall be deemed to be interposed to each Interrogatory, irrespective of whether GPR repeats such objections, unless the context indicates otherwise. To the extent that GPR has objected, it respectfully refuses to answer the affected portion of the request.

GPR objects to these Interrogatories to the extent that they call for information which is protected by the attorney-client privilege and/or contain the mental impressions of counsel and fall within the work product doctrine.

GPR objects to these Interrogatories insofar as the information sought is not limited in time or to activities which transpired at locations which are the subject of this litigation on the grounds

that any such response would be irrelevant to the subject matter of the pending litigation, would not be reasonably calculated to lead to the discovery of admissible evidence, and would be burdensome and oppressive.

GPR's investigation and review of Plaintiffs' claims is currently in process. Therefore, GPR reserves the right to supplement these responses when, if, and as information is discovered.

GPR objects to any Interrogatory that purports to impose upon GPR any obligations not expressly set forth in the Ohio Rules of Civil Procedure.

ANSWER: Not applicable. No products were identified in response to Interrogatory No. 5.

8.01 Has this defendant ever purchased asbestos containing products from any other defendant?

ANSWER: GPR objects to the information sought in Interrogatory No. 8 on the grounds that such an inquiry is overbroad and unduly burdensome in that it is unlimited to time and location. The information sought requires excessive detail, and is unduly burdensome in that the amount of research, time required and cost incurred would be oppressive and the benefit gained by Plaintiffs is outweighed by the burden on this Defendant.

8.02 If the answer to the preceding Interrogatory is yes, please state the following:

- (a) name each defendant from whom this defendant purchased any asbestos containing product;
- (b) list each product purchased from each co-defendant;

ANSWER: GPR objects to the information sought in Interrogatory No. 8.03 on the grounds that such an inquiry is overbroad and unduly burdensome in that it is unlimited to time and location. ANSWER: GPR objects to the information sought in Interrogatory No. 8.05 on the grounds that such an inquiry is overbroad and unduly burdensome in that it is unlimited to time and location. The information sought requires excessive detail, and is unduly burdensome in that the amount of research, time required and cost incurred would be oppressive and the benefit gained by Plaintiffs is outweighed by the burden on this Defendant. Without waiving its objection and in the interests of cooperation, GPR states that it has installed non-asbestos containing refractories which were intended to be used at temperatures above 125° Fahrenheit.

8.06 Did Defendant ever market or distribute any asbestos-containing product manufactured in whole or in part by someone else? If so, please state the following for each such product:

- (a) the name and address of the manufacturer;

Without waiving its objection and in the interests of cooperation, GPR states to the best of current knowledge, no.

The information sought requires excessive detail, and is unduly burdensome in that the amount of research, time required and cost incurred would be oppressive and the benefit gained by Plaintiffs is outweighed by the burden on this Defendant. Without waiving this objection and in the interests of full disclosure, GPR states that it engaged in the business of refractory construction. Use of asbestos containing materials was generally inconsistent with the services provided by GPR
