HARDWARE

We think you'll agree that a hardware store is always an interesting store. The suggestion of constructive work is everywhere expressed. Every home has an ally in the hardware store, as conducted in America today.

Here you will find those things which make for the spirit of civic pride and bring it about—the implements of thrift and of pride. Every home-owner, for example, should have a fairly complete set of tools; for there are so many Fix-up jobs around the place that a man—or a woman—can do, provided they have the proper tools.

Also you will find here paints, varnishes, lacquers, crack-fillers—a long list of the essentials of successful and tidy home-keeping.
