Gentlemen:

In compliance with the Occupational Safety and Health Act (1970) request you advise precautions to be taken in handling, shipping, or using the following products produced by your firm:

Hydra seal 1042

In addition, request you identify hazardous ingredients and provide any information on health hazard to the user.

Information needed falls into the following categories:

- a. Chemical and Physical Properties
- b. Hazardous Ingredients
- c. Storage and Handling Information
- d. Toxicology and Health Hazard

If possible, please provide the requested information on OSHA Form 20 or equivalent.

Your response by 15 September 1973 would be appreciated. Please direct your reply to the attention of C. G. Kelley, Department 5930, Building 2019.

Very truly yours,

C. G. Kelley
