Dr. Wayne Daugherty
San Diego State College
Department of Biology
San Diego, California 92215

Dear Dr. Daugherty:

Your request for samples of Aroclors for a study on the effects on embryos has been brought to my attention.

Under separate cover, you will receive samples of Arcolor 1242, 1254 and 1260. I apologize for the delay and hope the samples arrive in time to be useful in your study.

Sincerely,

W. B. Papageorge
Manager
Environmental Control
