Re: [REDACTED]

Dear Mr. Mack:

[REDACTED] On September 30th I wrote to you regarding who works for us as a garage mechanic, and suggested that he be examined by a physician of the Ethyl Gasoline Corporation to determine whether he had any symptoms of lead poisoning.

I believe that he was examined by your doctor, but to my knowledge, we have never received the report of your physician. I should appreciate it if you would look into this matter for me, and if Hutchinson was examined, send me a copy of the physician's report.

Sincerely yours,

Alex. S. Chamberlain
