REC'D SEP 5 1941

Dr. Albert informed me by telephone yesterday that he
sent to Dr. Gardner more than one month ago a complete
copy of the investigation that he (Dr. Albert) made for
Local Union No. 1 (St. Louis) of the Asbestos Workers
Union.

Dr. Albert also informed me that Dr. Gardner had
acknowledged receiving the copy and had told Dr. Albert
to keep the slides as long as he liked. Dr. Albert is
planning to show them to St. Louis physicians interested
in industrial practice, and Dr. Gardner is cognizant of
Dr. Albert's plans in this regard.
