Doug, I very much appreciate the invite. Let me run the traps with our ethics office and internal folks. All the best to you!

Dear Ms. Dravis,

Congratulations on your recent appointment at EPA! I am writing in hopes that your busy schedule might permit you to come participate in a course I am teaching at the Yale School of Management. The course is on climate change law and policy and is offered for executive MBA students. We have a talented and engaging group of mid career students from companies such as Halliburton, Rio Tinto, British Petroleum, and others. On Friday April 21 between 9 am – 12:00 pm we are scheduled to discuss the fate of the Clean Power Plan and other domestic policy issues. It would be a wonderful benefit to us if you were able to join us for all or part of the conversation. We would, of course, pay your reasonable travel expenses.

Fingers crossed,
Doug Kysar
