

July 22, 1933

Dr. E. D. Edmunds
Standard Oil Company
Cleveland, Ohio

Dear Dr. Edmunds:

Having failed to receive a reply to Dr. Kehoe's letter of June 23rd, 1933, I am writing to inquire if it reached you and if you are desirous of assuming the responsibility for [redacted] care and treatment for the future. His present condition is much the same as it was when Dr. Kehoe wrote to you last, and we are still of the opinion that properly supervised x-ray treatments would be of considerable benefit in this case. Since Mr. [redacted] still continues to look to us for care, and continues to submit bills for medicines and ointments to us for payment which we do not feel should be longer paid by us, we are anxious for some re-arrangement of these conditions.

Respectfully yours,

KVK:IS

Karl V. Kitzmiller, M.D.
