DOC#: QUIG039

DOCUMENT DESCRIPTION: Memo – Phasing out Asbestos

To: Mr. R. Cotton November 21, 1973

From: J. J. Marino

Subject: Phasing Out Asbestos Products

Following up Mr. Thacker's memorandum of November 19 on the above subject, would you please prepare for Mr. Galloway a brief write-up on comparative data of the asbestos vs. non-asbestos products Panelcote vs. Panelag, and Insulag AF vs. Insulag, pointing out that the new products are better or as good as and safer than the asbestos based.

Technical data on physical properties should be outlined and included.

Could you please have this in Mr. Galloway's hands no later than December 14, 1973.

Thank you.

J. J. Marino
