

PRIVATE NO. 105

SYDNEY.
8th April, 1948.

The Mine Manager,
Australian Blue Asbestos Ltd.,
WITTENOOM GORGE.

Dear Sir,

STAFF (P.154). We note the salaries, allowances, etc. of the present staff (other than C.S.R.) at Wittenoom, and in case of any future misunderstanding we take this opportunity to state that if any increases in salaries or allowances are contemplated we would ask you to refer them to us in the first place for our approval.

As a general rule all revisions of salaries are considered at the end of each year and except in urgent cases, therefore, recommendations for increases should be held over until December.

Yours faithfully,

CE 1409

Managing Director.
