

THE SARANAC LABORATORY
FOR THE STUDY OF TUBERCULOSIS
OF THE EDWARD L. TRUDEAU FOUNDATION
SARANAC LAKE, N.Y.

January 29, 1946

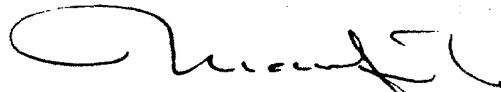

Robert A. Kehoe, M. D.
College of Medicine
Cincinnati, Ohio

Dear Bob:

Having heard nothing definite about the Cummings Memorial Lecture at the April meeting of our combined associations, I am a bit concerned about its status. I would be extremely sorry if it were not to be given and I believe that there are quite a few others who would feel likewise. A word of assurance on this would be welcome.

Though in a sense rather far from the beaten path, I feel myself quite otherwise here in other respects and you may be sure that I am finding my new surroundings delightfully congenial. I hope that 1946 is proving equally satisfactory to you.

Sincerely yours,

Manfred Bowditch
Field Director
