New York City, N.Y.

Dear Dr. Thompson:

Dr. Aub has just handed me the check which you sent him for \$157.25, which amount completes the total subscription of \$5,000 for the work in Lead Investigation which is being carried on by Dr. Aub. I want to thank you again most warmly for your aid in this matter and to ask if you will be kind enough to forward my thanks to the individual donors. I trust there will be interesting and useful results coming out of the study, in return for these generous contributions from the several donors.

Very sincerely yours,

DLE.D.

David L. Edsall, Dean.
