

Flammable and Combustible Liquids

Chapter 34

Definitions	1010
Terms used	
General Safety Measures	1012
Preventing dangerous mixtures Smoking Static electricity	
Bonding and grounding Electrical equipment Spark-resistant tools	
Health Hazards	1019
Toxic effects Combustible gas indicators	
Loading and Unloading Tank Cars	1020
Spotting cars Inspection Relieving pressure Removing covers Loading and unloading connections Placards Fires	
Loading and Unloading Tank Trucks	1024
Inspection Smoking Spotting trucks Loading and unloading connections Leaks Fires	
Storage	1025
Tank construction Vents Dikes Pump houses Gauging	
Tanks in flooded regions Underground tanks	
Aboveground tanks Tank fires and their control Inside storage and mixing rooms Storage cabinets Outside storage houses	
Cleaning Tanks	1036
General precautions Protective equipment Proper procedures	
Cleaning aboveground tanks Cleaning small tanks and containers Abandonment of tanks	
Common Uses of Flammable Liquids	1040
Dip tanks Japanning and drying ovens Oil burners	
Cleaning metal parts Internal combustion engines Spray booths Gasoline blow torches and plumbers' furnaces	
Liquefied petroleum gases
