Gentlemen: Re: Crescent Office Park, Nassau Mall, Levittown, N.Y.

In regard to your request to return Zonolite Mono-Kote Fireproofing from the above project to our plant for credit, I regret that we cannot take this action.

It is company policy not to accept returns on this material. It would not be possible for us to accept this particular material in any event because the use termination date is 5/7/73 and it would, therefore, not be saleable after that date.

Again, I regret that we were not able to accommodate you.

Very truly yours,

Construction Products Division
