Dear Willis,  
Thank you for your thoughtful invitation to the Secretary. Can I trouble you for a little more information by filling out the attached form? I greatly appreciate your time and help.

Thank you!  
Leila

Than you, Willis. I am looping in our scheduling team for their awareness and so that they can check on availability.

I am told that the best time to be on the John Day for prolific smallmouth bass action is between now and the end of June. We would love to get the Secretary out for a day of fishing, with an overnight probably in downtown Condon if that will work with his scheduling. Would love to have you both attend if possible. Again, thanks for all the help gettin our first installment over the goal line.

**Subject:** TR Island Bird walk group photo

Great Morning everyone...thanks for joining us....I will work on the list on the plane back to CA this afternoon... I will say the informal total for the group was 59 species....I think this is anew high for this walk...though we may not have got the 17 warbler species that we reached one year....more to come...Best, Glenn
