TO Doug Morris REF NO
FROM Ken Crawley REF NO OKC-297-90 DATE 04-26-90

There are twenty-three items in Stores in Class 55 which has the word "Abestos" in the description. Carolina Gasket, the major supplier, has agreed as of January 1, 1990 not to ship any gasket or packing with abestos.

They will ship a replacement for abestos where possible. This is to say, we probably do have some items with abestos in them. We also need to be careful from an engineering standpoint that the substitutes they ship will perform. We are changing all descriptions leaving the word "Abestos" out.

Ken Crawley
