BOARD MEETS TO ACCEPT VETERANS' WARRANT OFFER

SACRAMENTO, Sept. 18 (AP)—More than \$3,000,000 in special funds became available to the state today to avert, temporarily, the necessity of paying state employees and relief clients in warrants.

Controller Harry B. Riley announced that with the expected approval of Governor Culbert L. Olson he would transfer \$420,000 from eight special funds to the general revolving fund.

The board of control will meet today to accept, Riley said, the

offer of the Veterans' Welfare Board for purchase of a block of state warrants to replenish the relief fund. Riley said that for the present \$2,000,000 in IOU's would be disposed to the veterans' board.

The transfer of the \$420,000 will raise the cash in the revolving fund to \$1,024,000. The amount, Riley said, is more than sufficient to meet current payroll claims of approximately \$500,000.

The state controller maintained hope bankers will change their minds and resume the purchase of registered warrants. Failure to sell \$5,000,000 worth of warrants recently developed the financial dilemma.

Riley stressed the cash was transferred from special funds which Attorney General Earl Warren held could be drawn on to carry on the operations of the government. The funds tapped are:

Contractors license board, \$50,000; corporation commission, fund \$100,000; fire marshal fund \$50,000; fair and exposition \$25,000; furniture and bedding inspection, \$20,000; state park maintenance, \$75,000.

No interest will be paid on the transferred funds and the state will reimburse the loaning departments as soon as possible. Riley expects to pay the Veterans' Welfare Board 3 per cent interest on the \$2,000,000 in relief warrants until February, when the rate will be increased to 5 per cent in compliance with legal provisions.

Boy Peace-Maker Gets Bit On Thumb

Two puppies playing with a bone got mad and began to fight yesterday afternoon. So Robert W. Mead, 11, of 586 California avenue, rushed in to separate them.

But all he got for his trouble was a bite on the left thumb, according to information received by the police.

Eleven Killed By Sunday Traffic In This State

By the Associated Press

Eleven deaths, all but two in Southern California, was Sunday's traffic accident toll. A 12th traffic victim, Evelyn Merrell, 17, of Healdsburg, died in a San Rafael hospital today as a result of injuries.

The dead: Richard Holloway, San Francisco, killed when he fell from an automobile; Eugene Allen, 24, Fresno, killed when his car ran into an irrigation ditch as he was pursued by police to cite him for speeding; Orval Gibson, Pico, fatally injured when his car overturned; Louis Yountsey, 10, killed when his bicycle was in collision with automobile at Maywood; Octavia Barry, 17, killed when automobile struck telephone pole in Los Angeles; Judith Thearle, fatally injured while trying to cross Pasadena street; Ralph Soung, 48, killed by hit-run in Los Angeles; George McKain, Maywood, killed when hit by car as he crossed street; Mrs. L. V. Minor, 55, Santa Ana, fatally injured in collision; Fred M. Munguia, 28, Tucson, Ariz., killed near Indio; Elwell D. Morris, Calexico, killed in collision near Riverside.

California traffic casualties reached a new high, the first seven months of 1939 the California Safety Council revealed. Injured numbered 29,147.

Driver Accused Of Drunkenness

Gus Salinas, San Francisco, was being held in Redwood City today on a charge of driving while under the influence of liquor, following his arrest by Officer Ben Hickey of Palo Alto yesterday afternoon.

The officer reported that Salinas drove his delivery truck at 65 miles an hour in an erratic manner on the Bayshore highway, until he was stopped near Willow road.

Local police went to the scene after a nearby resident reported the presence of a suspected drunken driver on the Bayshore.

STOCK MARKET

NEW YORK STOCKS

NEW YORK, Sept. 18 (AP)—The stock market suffered a "peace fright" today and leading stocks topped 1 to around 7 points, the worst setback since the start of the war boom nearly three weeks ago.

Selling was fast in the first hour, slowed down on intermediate recovery periods, and picked up again just before the finish when the ticker tape got behind. Closing prices were about the lows of the day.

Transfers approximated 1,800,000 shares.

Steels led the forenoon retreat, but these received a little aid later when the American Iron & Steel Institute announced mill operations this week would be up 9.1 points at 79.3 per cent of capacity, highest level in more than two years.

Touching off the initial backslide in stocks, brokers said, was Wall Street's somewhat gloomier view of European happenings over the week-end, including the sweeping Russian invasion of Poland, the seeming collapse of the Poles in their conflict with the Nazis, sinking of a large British airplane carrier and signs the Germans were stiffening resistance on the western front.
