Well-groomed Floors! DECORET VARNISH STAINS 15 for FLOORS VARNISH

FLOORS, to the down-stairs ensemble, are very much as shoes are to the personal costume—both floors and shoes can make or mar the entire effect! And, of course, to you, lady-of-the-house, possibility of a jarring note is simply not to be thought of!

It is for you, then, to secure floor finishes that may be kept looking at their best with the least effort or bother! Your two aids in this are Decoret Varnish Stains and 15 for Floors Varnish—because not only do they give the effects you want, but are remarkably durable.

Decoret stains and varnishes at one operation, leaving the grain of the wood visible, but coloring in imitation of any one of several popular hardwoods. 15 for Floors Varnish is clear and simply brightens the surface with a lustrous, hard film.

You should have our booklet about home painting, "Color Harmony in the Home." It is your painting guide. It suggests color schemes. It's free. Write for it. Ask your Dealer about paints and varnishes made by FULLER (your assurance of quality), also for color cards and about any paint or painting question. For all large jobs consult a master painter.

This season's program, although not laid out in schedule form as yet, should be by far the most interesting ever given here. Besides a hockey tournament between the various teams in the Southern California Ice Hockey Association, there will be a series of games which will start during the early part of the season.
