Dear Bill:

As you can see, I am now associated with Calspan Corporation of Buffalo, and have severed all connections with Interflow of Hamilton.

There is intense interest here in the total picture of P.C.B.'s; ecological aspect, destruction of wastes, and analytical and control methods of disposal.

Several years ago you sent me voluminous literature on P.C.B.'s which had been developed at Monsanto. I would appreciate another set of such data which I presume is now updated.

Kindest regards,

A. T. McCord
