September 15, 1971

Mr. H. M. Williams, President
Poultry and Egg Institute of America
67 East Madison Street
Chicago, Illinois 60603

Dear Mr. Williams:

Thank you for the invitation to participate in the seminar on PCB Analysis at the Poultry and Egg Institute's Research Council meeting October 6. I will be represented at this meeting by Dr. Scott Tucker, group leader of the Analytical Chemistry group in the Technology Department of the Organic Chemicals Division of Monsanto Company. Dr. Tucker has had the responsibility for PCB analytical work and is completely familiar with methodology and details. Please substitute Dr. Tucker's name for mine in the program.

I am enclosing the reply card for Dr. Tucker for a reservation at the Lake Shore Club. Best wishes for a successful meeting.

Sincerely,

Robert E. Keller
Manager, Applied Sciences
